

IAA Award in the 5th Mission Idea Contest for Micro/nano Satellite Utilization Terms of Reference

1. Overview:

On the occasion of the 5th Mission Idea Contest for Micro/nano satellite utilization, the International Academy of Astronautics (IAA) will award the IAA Award to recognize “the international collaborative application of micro/nano satellite technologies for the benefit of humankind.”

2. Eligibility for Nominations/ Applications:

Among finalists selected by MIC review team, those who submitted full paper related to international collaborative application will be nominated. Hence, no need nominations/applications for the IAA award.

3. Purpose:

To recognize outstanding paper of micro/nano satellite application in the area of international collaboration.

4. Criteria for Selection:

The award will be given the best paper dedicating to international collaborative applications among selected paper as finalist in the 1st stage. Teams that consists of members from two or more organizations in different countries or projects targeting to international collaboration are qualified for the award selection.

5. Selection Procedure

The IAA evaluation committee for MIC will choose the recipient(s) of the Award by full paper and oral presentation held on November 19, 2018.

6. Type of Award:

The award consists of a certificate and high visibility.

7. Award Presentation:

The Award will be presented at the 6th UNISEC-Global Meeting in Strasbourg, France.
