

A REPORT OF THE MISSION IDEA CONTEST 2 (MIC2) SEMINAR HELD IN NIGERIA

Title: Mission Idea Contest 2

Speaker: Nnadih Stanislaus Ogechukwu

Venue1: University of Nigeria Nuskka, Enugu State

Venue2: Obafemi Awolowo University, Ile-Ife, Osun State

Date1/time: 3rd March 2012(Saturday), 9:00am- 1:00pm, 2:00 -5:00pm

Date2/time: 25th March 2012(Sunday), 4:00 – 6:00 pm

The First Mission Idea Contest 2 (MIC2) seminar held in Nigeria, took place on 3rd of March 2012, in the Physics/ Astronomy department seminar room of the University of Nigeria, Nuskka. About 75 students from both the science and engineering departments participated. Some lecturers from these departments also participated. Since the program was new to the participants, the seminar was divided into two sections - Section 1 dealt with Space systems, Satellites, Small Satellite Technologies and different mission ideas for these satellites, and Section 2 was a discussion on the recently-concluded Mission Idea Contest 1 program which was held in Japan and MIC2.

The second MIC2 seminar took place in Yellow House Building of the Obafemi Awolowo University, Ile-Ife, on 25th March 2012. About 25 participants, comprising of science and engineering students and some instructors from different areas of specialization participated. The participants got acquainted with MIC1 and MIC2. Also, there was an interactive session with the participants. The participants were referred to the MIC website for issues or questions that were not covered during the seminar.
